

”I want access to all my accounts all the time. What does ProCredit Bank offer me?”

Through ProB@nking Plus – the internet banking application brought to you by ProCredit Bank, you can perform daily banking operations, anytime, with the following advantages:

ProB@nking Plus
You can do much more

- You **save time**, having 24/7 access from any computer connected to the Internet;
- You perform any national and/or international banking operation, with **maximum safety** (unique digital passwords);
- You hold **complete control**, by the easy monitoring of all the transactions from your accounts;
- You enjoy **flexibility**, by performing operations with any partner, without the bank’s intervention.

ProB@nking Plus is a modern instrument allowing a continuous access to ProCredit Bank’s services, with only the help of a computer connected to the Internet, without the need for you to come to the bank’s counters.

Which operations can you perform through ProB@nking Plus?

The application has a simple structure, which makes it easy to use. With ProB@nking Plus you can use the following facilities:

- Viewing the account balances and performed transactions;
- Viewing the account statements, as well as the possibility of exporting them in Excel tables and printing them;
- Exchange rates – foreign currency buying/selling;
- **Intra-bank payments:**
 - › Transfers between your accounts held with ProCredit Bank;
 - › Transfers to other ProCredit Bank clients;
- **Interbank payments:**
 - › Payment orders (transfers to accounts opened with other banks in Romania);
 - › Treasury Payment Orders (transfers to accounts opened with the State Treasury);
 - › International payments.

In order for you to access the **ProB@nking Plus** service, you should open the web page: <https://probanking.procreditbank.ro>, a page secured and certified by ProCredit Bank Romania, or the site www.procreditbank.ro and then access the link *ProB@nking*. Depending on the Internet connectivity speed, the time for accessing the application may vary between a few seconds and a few minutes.
