

Cards

”I want flexibility for the management of my liquidity. What does ProCredit Bank offer me?”

By using Visa Business Electron debit card you have access to the money available in your current account, anywhere, anytime and in conditions of maximum safety. In addition:

- **You save money**, as any transaction made at retailers is free of charge;
- **You save time**, since you have the possibility to cash money from any ATM (24/7) from the country or abroad;
- You enjoy **increased safety**, thanks to the chip on your card.
- **You gain flexibility** for the management of your money, because you can attach up to 5 cards to your current account.

Besides the classic card, ProCredit Bank also offers you the **Visa Business Electron Dynamic Card**. With the help of this card **you simplify the access of your employees to the company account**. Hence:

- You can give **limited access to your company account to one or more employees**;
- **It is ideal for your employees** who make frequent **business trips in the country and abroad** or those who handle the **supply of the company**;
- **You can control** on a daily basis **the access of your employees** to the company money;
- **You monitor transactions** made by each employee at the ATM or retailers, with the card;
- **You change the card usage limits** easily (the value or number of transactions) for each employee;
- **You save time** and you enjoy **flexibility**.
